TEXTURES

Different Texture options available which can be mixed with colour pigments. Please provide Pantone reference

PLEASE NOTE

Each glaze reacts different while burning. We tried our best to showcase in this pdf how one glazes can vary in tone and optic. If you have any questions please contact us via info@project213a.com and we will assist further

FURTHER COLOUR OPTIONS

If you have a specific shade in mind, please share the Pantone reference with us and we can source the right pigments and do a glazing test.
