

PROJECT 213A

FOLDED BENCH

FOLDED BENCH

PROJECT 213A

Designed by Project 213A in 2022
Made to Order

Three pieces of steel folded together and joined through metal elements, and powder coated. The asymmetric finish of the bench with small gaps between each piece gives it a playful tone. The bench can function both as seating or as a console.

Recommended colours.
More options available upon request.

Length: Top 164 cm, Base 178 cm
Width: 45 cm
Height: 44 cm
