FOOT STOOL

## FOOT STOOL

PROJECT 213A

Designed by Project 213A in 2020

This playful design is inspired by a classic milking stool, and has a fun twist with three individually shaped legs. The stool is hand carved by artisans in northern Portugal from chestnut wood and oil finished to have a rich dark brown appearance.

Oak

Brown Chestnut

Black Varnished  
Chestnut

Material: Wood  
Height: 26.5 cm  
Width: 30 cm

Production time: 8-12 weeks

Wood is a natural material that can vary slightly in tone, appearance and may show some imperfections over time, this makes each piece unique.
